

TRE Medical, Ltd Telehealth

Welcome to TRE Telehealth! We are using a platform called doxy.me for your convenience. You don't have to download any software or create an account. Your information is anonymous. It is HIPAA compliant and ensures your privacy and allows us to continue to take care of you, even outside our office! Here are some details you need to know about Telehealth.

1. We need you to sign a consent, either obtained through your TRE Medical patient portal or via email with our front staff.
2. These visits with our doctors are subject to your insurance and deductible.
3. Please enter the virtual waiting room 20 minutes before your scheduled time

HOW TO CHECK IN FOR YOUR APPOINTMENT

Once you have made your appointment and signed your consent, you need only come to our website at <https://tre-medical.com>

Select the **Patient Login** tab on the menu

Simply click on the name of the physician with whom you have an appointment.

You will then be taken to that physician's virtual waiting room.

Enter your name and click "Check In"

You may then be asked to allow access to your device's camera and microphone

The doctor will be notified that you have arrived in the virtual waiting room and will start your visit shortly.
